# Revolutionary Paths to Education: The Future of Digital Learning

Digital transformation has fundamentally changed our education systems, and ownCloud is the answer to the growing demands for secure and user-friendly platforms for digital learning. With secure file sharing and user-friendly collaboration, ownCloud allows educators, learners, and administrative staff to edit and share files from anywhere. The platform meets strict data protection requirements such as GDPR and provides protection for sensitive student and administrative data.

ownCloud is known for its user-friendliness, allowing educators and learners to get started without extensive training. The platform minimizes administrative overhead and creates inclusive digital work environments that work on all devices and operating systems. Educational institutions worldwide trust ownCloud to enable efficient file sharing and collaboration. This enables them to meet the challenges of digital education. Discover the possibilities of ownCloud and take digital learning to the next level.

## Why ownCloud School:

- ✓ **Seamless Collaboration:** Efficient file sharing and collaboration for learners and educators.
- ✓ **Digital Education:** Supports the Digital Education Action Plan and enhances in-person and at-home learning.
- ✓ **Scalable Architecture:** Handles over 500,000 users simultaneously.
- ✓ **Integrated Data Protection:** Protects personal data and digital sovereignty.
- ✓ **Efficient Document Management:** Centralized, fast access.
- ✓ **Access Anywhere:** Easy access from any device and operating system.

# Discover the benefits of enhanced digital learning with ownCloud **School**

## Benefits for Educators:

- ✓ Central Material Management: All teaching materials stored in one place.
- ✓ Seamless Integration: Communicate easily with your learners.
- ✓ Real-time Collaboration: Collaborate on documents in real-time.
- ✓ Efficiency Enhancement: Create and use reusable templates.
- ✓ Data Security: Separate administrative and educational data.
- ✓ Protection of Sensitive Data: Prevent the sharing of personal data.
- ✓ Easy, cross-platform access.

## Benefits for Learners:

- ✓ Independence: Flexible access from anywhere.
- ✓ Privacy: Separate storage for homework.
- ✓ Ease of Work: Effortless collaboration with fellow learners, educators, and parents.
- ✓ Effective Collaboration: Real-time editing with familiar office tools.
- ✓ Use of Preferred Device: Mobile (Android or iOS), Desktop.

## Benefits for Parents:

- ✓ Time saving through optimized collaboration and communication.
- ✓ Direct communication with educators and children.
- ✓ Easy exploration of documents on a central platform.
- ✓ Efficient editing and collaboration.
- ✓ Highest data security for your child.
- ✓ Convenient access and editing from anywhere, on desktop, Android, and iOS.

## About ownCloud

ownCloud develops and provides open-source software for content collaboration, allowing teams to easily share and work on files seamlessly regardless of device or location. More than 200 million users worldwide already use ownCloud as an alternative to public clouds – and thereby opt for more digital sovereignty, security and data protection.
